Performance and layout check on a device similar to the kiosk display.	Joshua & Shashvat
Test against SQL injection and cross-site script injection.	Joshua & Sonith
Configure the kiosk OS to run our code.	Sudeep & Shashvat

Minutes from Previous Meeting

Sudeep Sirivella called the meeting to order. The team reviewed the agenda, which included a status check on progress, planning future tasks, and delegating those tasks. The team confirmed that the previous tasks which were focused on polish, testing, and administration are completed. With the code application polished, the team moved on to plan the goals for the next meeting. The focus is now on expanding the admin functionality and implementing comprehensive testing. The tasks were established and assigned to team members in pairs. The meeting was then adjourned.
